

BTS (□□□□□), Lights

i am not in the mood for anything
though not very often
I feel sick of it
I feel a little helpless right now

but I still feel like I can save someone
I hear your voice
within the noise, time stops
we are connected by sound

when I close my eyes
in the darkness
your light woah
lights the way for me
we can walk forward without fear
you and i
you're my light
you're my light
always shine into my heart
you're my light
you're my light
no matter how far apart we are
your light shines on me

all the angels who know pain
flying on damaged wings through the night
every time I am thinking about love
every time I am thinking about love
I don't wanna listen to just happy song
I'll face loneliness, color my life
losing and gaining
but I am searching for something today

u believe that things will change
no one is perfect
even this moment has its own meaning
and we are connected by sound

when I close my eyes
in the darkness
your light woah
lights the way for me
we can walk forward without fear
you and i
you're my light
you're my light
always shine into my heart
you're my light
you're my light
no matter how far apart we are
your light shines on me

I never thought there'd be a sleepless night
turns out they weren't lies
and It made me get stronger
what is love?
if there's an answer
I wanna know tight now

I am breaking down I can see
there's light inside
dawn will come to the darkest of nights
overcome, even the future
we won't stop from now on

decide for yourself what it means to be happy
every day , take a step to grow up
but it's ok sometimes to show weakness
it's okay to be you
don't lie to yourself any more
everything connects by sound

when I close my eyes
in the darkness
your light woah
lights the way for me
we can walk forward without fear
you and i
you're my light
you're my light
always shine into my heart
you're my light
you're my light
no matter how far apart we are
your light shines on me
