MØ, Final Song

Please, won’t you wait?
Won’t you stay?
At least until the Sun goes down
When you’re gone, I lose faith
I lose everything I have found
Heart strings violins
That’s what I hear when you’re by my side /2x

But when you’re gone the music goes
I lose my rhythm, lose my soul
So hear me oyt before you say the night is over
I want you to know that we gotta, gotta carry on
So, don’t let thos be our final song

So donlt let this be our final song
So hear me out before you say the nnight is over
I want you to know that we gotta gotta carry out
So, don’t let this be our final song

But when you’re gone the music goes
I lose my rhythm, lose my rhythm
So hear me out before you say the nnight is over
I want you to know that we gotta gotta carry out
So, don’t let this be our final song
