MOD SUN, Heavy (Feat. blackbear)

i said my piece while you just made your bad
you take a little bit of blame
 i end up taking all the rest
what am i supposed to do?

Why you make me do the things i do?
You just wanna find soeme holes in my hands
What i told you was the plan
Well, it changed up
I am sorry it ends up this way

I found the truth about you babe
And it was heavy
I just heard some shit that affecred me
I never saw it coming
Wasn’t ready
Look up to the sky
If iheaven is heavy
Then we’re light as a feather
Hope you;re taking in
Cuz it won’t last forever
Heavy!
