The Vaccines, Give Me a Sign

Would you blow me kisses
If I kept my distance?
Would you send a hurricane
As proof of your existence?
If I pick up speed
Will it take me with you?
Cause I wanna know for sure
Who you've been running into

You're so cold
But I am just hot air
With the weight of the word
Coming down harder, harder

Just give me a sign
Give me a sign
Just give me a sign
Give me a sign
Just give me a sign
Give me a sign
Baby be kind
Give me a sign

When I lack conviction
And you're done convincing me
And I put my mind to rest
Would you go quietly?

You're so bad
I'm not a lot of good
With the weight of the world
Coming down harder, harder

Just give me a sign
Give me a sign
Just give me a sign
Give me a sign
Just give me a sign
Give me a sign
I'll throw in a line
Give me a sign

Coming down
Coming down
Coming down

Just give me a sign
Give me a sign
Just give me a sign
Give me a sign
Throw me a line
I'ts been cosy
Give me a sign
Give me a sign
