Drake, Hush Up the Silence (ft. Wizkid)

I like you
You're so special!

Just close your eyes
Let me hypnotize you
I can make your stone feel sky blue
Girl, when you lost
Where can I find you?
If I'm not beside you
I'm inside you

Imagine you
..
You feel me …
Because you're close enough
No definition'
No .. high
…
Do you want, girl?

Touch a girl /10x

I'm behind you
Just close your eyes
Let me hypnotize you
I can make your stone feel sky blue
Girl, when you lost
Where can I find you?
If I'm not beside you
I'm inside you

I'm your doctor
This is your therapy
You're money is no good
Just to care me
I found the sew
You're my soul in time
But all can change
Let's …

Touch a girl /10x

I'm behind you
Just close your eyes
Let me hypnotize you
I can make your stone feel sky blue
Girl, when you lost
Where can I find you?
If I'm not beside you
I'm inside you

You're a dream
…
You're my queen
White paper
Let me pain that wall
.. pitch black
Take that off
In your eyes I can see the window
And no sign
Stop lie like a Leo
You can see
Bat it'd no me

But if you come
I set you free

To the left
To the right
To the left
To the left

Go on and touch girl! /3x

Let me keep close your eyes
Let me hypnotize you
I can make your stone feel sky blue
Girl, when you lost
Where can I find you?
If I'm not beside you
I'm inside you
