

# BTS (방탄소년단), Stay Gold

In a world where you feel good  
You got to stay gold  
Oh baby

An enchanting moon light  
No sleep again tonight  
Guided by the moon light  
I run to you  
Hide and seek  
Stealing my way into your heart  
I draw near  
Slide up close, before you know it  
uncorrupted  
those eyes are like diamonds  
More beautiful than any other gem  
Repeatedly mesmerized by you  
Can't take my eyes off of you  
No more\*

Even the clock hand  
Stop ticking\*

Let it glow  
stay gold  
even in your dreams\*  
stay gold  
i'll find you\*  
stay gold, gold  
i want to touch you\*  
stay gold  
you entire being\*  
stay gold  
enthalls me\*  
stay gold  
i want you as mine\*  
stay gold, stay gold, stay gold  
stay gold, stay gold, stay gold  
stay gold, stay gold, stay gold  
Forever gold!

Making sure i go unnoticed  
I move in close  
slowly  
i am warning you baby  
you're so unguarded  
i'll gently make you mine  
deep into you, now  
racing emotions  
make my heart pound faster\*

let it show

stay gold  
as long as i have you\*  
stay gold  
don't need anything else  
stay gold, gold  
want to hold you\*  
stay gold  
love is forever\*  
stay gold  
radiating lights\*  
stay gold  
more than any star\*

stay gold, stay gold, stay gold  
stay gold, stay gold, stay gold  
stay gold, stay gold, stay gold  
Forever gold!

Just close your eyes  
Don't say a word\*

I'll steal your heart  
Like magic  
If you want a miracle  
I'll show you one  
Give me your hand\*

stay gold  
even in your dreams\*  
stay gold  
i'll find you\*  
stay gold  
enthalls me\*  
stay gold  
i want you as mine\*  
stay gold, stay gold, stay gold  
stay gold, stay gold, stay gold  
stay gold, stay gold, stay gold  
Forever gold!
