Drax Project, Woke Up Late (ft. Hailee Steinfeld)

woke up late
somewhere far away from home
pocket empty wallet gone
the sun is streaming all on down on my face

layin' down on someone's bed
a girl that I had hardly met
my head is spinnin' like I've been out days

now you're walking up too
lying next to me in your room
not quite used to someone so new
did ya catch my name

wonder how long I slept in
I don't know where the hell I've been
but I kniow that's a;ll right

last night we met at one
drank till two
danced till four
walked you home
awake till down
slept till noon and now I want more

I got the taste
it's in my mouth it's like I had too much last night
I just felt so right
because of you. now
I could go or I could stay cause I
got nothing plannd today
and I know that's all right

last night we met at one
drank till two
danced till four
walked you home
awake till down
slept till noon and now I want more

Why's it so, so easy with the lights down
Why's it so, so easy when the night's ours?
Why's it so, so easy with the lights down
Why's it so, so easy yeahso, so easy

woke up late
somewhere far away from home
pocket empty wallet gone
the sun is streaming all on down on my face
last nights was fun
lets do it again
we both know we're more tthan friends
and I know that's all right

last night we met at one
drank till two
danced till four
walked you home
awake till down
slept till noon and now I want more

last night we met at one
drank till two
danced till four

walked you home
awake till down
slept till noon and now I want more
