Trey Songz, Everybody Say (feat. Dave East, Mik

I’ve been on she said, he said shit
Hay you talkin’

That's what everybody say, that's what everybody say
That's what everybody say
That's what everybody say, that's what everybody say
That's what everybody say, that's what everybody say

It’s not just a song!

We don't wanna talk if it ain't about the money
That's what everybody say
We got all the bitches at the club and the bottles on us
That's what everybody say,
We gon' turn up, niggas know
Bitch I'm tryna get paid
Think about it every damn day
Nigga, there's a will, there's a way
Shit, I'm tryna hit a lick right quick
No shit, that's what everybody say
She 'bout to take a trip real quick
Got a man but the next nigga paid
We got bitches, niggas know, that's great
But bitch I'm tryna get paid
That's what everybody say

I'm tryna get paid, that's what every nigga say
I gotta get laid, send them bitches my way
Promise when I get it I'ma hit it sideways
Five ways, got paid, first on a Friday
That's what everybody say, that's what everybody say
Rollie never tick or tock, shoulda got the bigger watch
Everybody fuckin' with you when you got the Fetty Wap
Next thing you know the bitches comin' my way
I'ma pull up in a Benz, I'ma fuck her and her friends
And I send 'em all home right now
Nigga, heart so cold right now
Need a bad one that can hold me down
That's what everybody say, that's what everybody say
Things won't ever go everybody's way
No day gon' be everybody's day
You know I'm the man, look how everybody hate

We don't wanna talk if it ain't about the money
That's what everybody say
We got all the bitches at the club and the bottles on us
That's what everybody say,
We gon' turn up, niggas know
Bitch I'm tryna get paid
Think about it every damn day
Nigga, there's a will, there's a way
Shit, I'm tryna hit a lick right quick
No shit, that's what everybody say
She 'bout to take a trip real quick
Got a man but the next nigga paid
We got bitches, niggas know, that's great
But bitch I'm tryna get paid
That's what everybody say

I'm tryna get paid, that's what every nigga say
I gotta get straight, send a package my way
Promise when I get it I'ma five ways
So fast, straight cash, call you back in five days
That's what everybody say, that's what everybody say

Then I need a bigger block, then I'll prolly get the drop
Everybody fuckin' with you when you got the Fetty Wap
Next thing you know the bitches comin' my way
I'ma pull up in a Rolls, I would spend a bankroll
But my money don't fold right now
Nigga, heart so cold right now
Niggas ballin' outta control right now
That's what everybody say, that's what everybody say
Things won't ever go everybody's way
No day gon' be everybody's day
Tell me, where the love?
Why everybody hatin'?

We don't wanna talk if it ain't about the money
That's what everybody say
We got all the bitches at the club and the bottles on us
That's what everybody say,
We gon' turn up, niggas know
Bitch I'm tryna get paid
Think about it every damn day
Nigga, there's a will, there's a way
Shit, I'm tryna hit a lick right quick
No shit, that's what everybody say
She 'bout to take a trip real quick
Got a man but the next nigga paid
We got bitches, niggas know, that's great
But bitch I'm tryna get paid
That's what everybody say

That's what everybody say, that's what everybody say
That's what everybody say
That's what everybody say, that's what everybody say
That's what everybody say, that's what everybody say

Okay, so you feel like you tellin' them what they wanna hear?
We been sayin' that. You singin' and rappin' that shit they like?
We taught y'all to say that. We them ones. Been there since day one.
You hear anything different, just call that hearsay. Dave East

That's what everybody say
Cuban 'round my neck'll brighten everybody day
Used to hit the club and they make everybody pay
Now I pull up with a tool that make everybody wait
Everybody told me I'd be dead by 21
By 22 I really had to go and get a gun
Never stand still, couple homies on the run
I never tell, know that money better come
Yeah, that's what everybody say
They ain't love me, now I'm makin' everybody pay
I get love in Cali like I fuck with Dr. Dre
Used to take the 6 train, now Trigga got me in the Wraith
You know me, I'm puttin' niggas in their place
Prolly dealin' with a case, couple bitches in my face
Went from turnin' 16 to an 8th
Quarter, half, 48, next minute, the next day
Hey, that's what everybody say
I ain't sellin' niggas nothin', I ain't ever seen their face
Who you? Hey, that's what everybody say
Think you got the wrong number, you ain't mean to call Dave
Not me, nah, you ain't mean to call Trey
I was in the hallway tryna get it all day
You don't even know a nigga's forte
I survived Harlem nights, got it right on Broadway
I got some money, I went, got some ammo
My niggas militant, they rockin' camo

You think you lit, I will blow out your candle
My man touchin' kis, he don't play no piano
No, that's what everybody say
Hey, I've been that nigga, by the way
I've been fuckin' with Trigga, by the way
Hey, but that's what everybody say

We don't wanna talk if it ain't about the money
That's what everybody say
We got all the bitches at the club and the bottles on us
That's what everybody say,
We gon' turn up, niggas know
Bitch I'm tryna get paid
Think about it every damn day
Nigga, there's a will, there's a way
Shit, I'm tryna hit a lick right quick
No shit, that's what everybody say
She 'bout to take a trip real quick
Got a man but the next nigga paid
We got bitches, niggas know, that's great
But bitch I'm tryna get paid
That's what everybody say

That's what everybody say, that's what everybody say
That's what everybody say
That's what everybody say, that's what everybody say
That's what everybody say, that's what everybody say
