

C-BooL & Skytech, La La Love (feat. Giang Pham)

I hear voices in my mind
I have never felt so strange
my mind's spinning
I see almost like a teen
new beginnings

I hear words I've never heard
And don't know if I am prepared
For this moment
But this feeling turns me on
I am happy and I am strong
My heart's open

something happened now
But I don't know what
Maybe it's the time
That I fell in love

baby, dance with me
but don't change this song
now I know for sure
Why I fell in love
Why I fell in love

Why I fell in love
Maybe it's the time
that I fell in love
Why I fell in love

something happened now
But I don't know what
Maybe it's the time
That I fell in love

baby, dance with me
but don't change this song
now I know for sure
Why I fell in love

all the voices in my head
tell me it is not so bad
it's so crazy
and this feeling turns me on
I am happy
I am so strong
listen, baby

something happened now
But I don't know what
Maybe it's the time
That I fell in love

baby, dance with me
but don't change this song
now I know for sure
Why I fell in love
Why I fell in love

Why I fell in love
Why I fell in love
now I know for sure
Why I fell in love

something happened now

But I don't know what
Maybe it's the time
That I fell in love

baby, dance whit me
but don't change this song
now I know for sure
Why I fell in love

La La Love
La La Love
I know it's the time
that I fell in love

La La Love
La La Love
Now i know for sure
Why I fell in love
