Zak Abel, Unstable

You’re up
I’m just getting in
So rough
God knows where I’ve been
Your eyes’re staring at my sins
There’s no time tospeak our minds

All of your frustrations on hold
Coz you don’t know the life that I know
Standing straight but I’m off the wall
You need love but I’m in my zone

I know /4x
You deserve better
Some that hgive you all the thingh I could never
I’d love to be the one that stays with you forever
I don’t wann alet you go
I just think that you should know
I’m unstable /2x

I’m up and you’re just getting in
Si though
Two wrongs never win
Your hands are pressed against my skin
There’s no time to speak our minds
