Dua Lipa, Thinking 'Bout You

3a.m. and my neighbors hate me
Music blasting, shaking these walls
This Time Mary Jane won’t save me
I’ve been working late
I’ve been drinking stronger
I’ve been smoking deeper
But the memories won’t stop

I can’t stop thinking about you /2x
I can’t get high
I can’t get by
I can’t get through
I can’t stop thinking about you

Like poison coursing through me
Soaking, my vision is blurred
The haze won’t put my mmind at ease
I’ve been sleeping late
I’ve been breathing stronger
I’ve been digging deeper
But the memories won’t stop

I can’t stop thinking about you /2x
I can’t get high
I can’t get by
I can’t get through
I can’t stop thinking about you

I want you all
Say it before You run out of time
I want you all
Say it before it’s too late
I want you all
Say what I am feeling now
I want you all

I can’t stop thinking about you /2x
I can’t get high
I can’t get by
I can’t get through
I can’t stop thinking about you
