Dua Lipa, Want To

[Verse 1]
Gimme release
Keep the drugs
Just gimme relief
Keep the love
Just gimme a piece of that
One piece of that

Give it to me
Don’t judge
Just give it to me
No heart, no second degree tonight
Run free tonight

[Chorus]
I won’t stop
Not now, guess what
Hella, hella it’s my body
I’ll go in light
Hella, hella it’s my body

I’ll dance if I want to

Hella, hella it’s my body
Gonna dance if I want to, want to
Hella, hella it’s my body

[Verse 2]
Some people do, but some they just like to talk (Ok)
Some shoot the breeze, but some they just leave a mark (Ok)
Some need the light, and some people like the dark (Ok, yeah)

[Chorus]
I won’t stop
Not now, guess what
Hella, hella it’s my body
I’ll go in light
Hella, hella it’s my body

I’ll dance if I want to

Hella, hella it’s my body
Gonna dance if I want to, want to
Hella, hella it’s my body

[Bridge]
Time for us, time for us
When we wrap somebody, when we grab somebody
Time for us, time for us
When we wrap somebody, when we grab somebody

I’ll dance if I want to

[Chorus]
Hella, hella it’s my body (My body, my body, my body)
Gonna dance if I want to, want to
Hella, hella it’s my body
My body, my body, my body
Hella, hella it’s my body
Gonna dance if I want to, want to
Hella, hella it’s my body
