# Dua Lipa, We're Good

I am on an island
Even when you close
Can’t take the silence
I’d rather be alone

I think is pretty plain and simple
We’re gave them all we could
It’s tiem to say good by form the window
Let’s take the life
Shouldn’t say we’re good

We’re not mean to be like sleeping ok
So let’s at least agreed to go
Saperate way

You will be piss
When i do it myslef
…
Shouldn’t say we’re good

No need to hide it
Tall me waht you want
That’s no be a burden
When we both know how to …

I think is pretty plain and simple
We’re gave them all we could
It’s tiem to say good by form the window
Let’s take the life
Shouldn’t say we’re good

We’re not mean to be like sleeping ok
So let’s at least agreed to go
Saperate way

You will be piss
When i do it myslef
…
Shouldn’t say we’re good

Happy to holding this against me
Liek i knew you would
I am trying my best
To make this easy
So don;t do me that look
Pretent we’re good

We’re not mean to be like sleeping ok
So let’s at least agreed to go
Saperate way

You will be piss
When i do it myslef
…
Shouldn’t say we’re good
