RICH BRIAN & CHUNG HA, THESE NIGHTS

she tell me settle dawn
who does it all mean?
anything you want, baby, give it all to me
I can be your baby tonight
you can be my lady alright
we can drive up
maybe end up in the hills
I do a lot of things
I can be your baby tonight
you can be my lady alright
these nights /2x
they control me
you control me

you know that I move like that
you know that I love to fast
you know I have sleepless nights
I can not dream you right now
you love me, you want me
you need me, you see me
and I never stop loving you
so don’t tell me to leave, cause I won’t
a bowl full of holes in the door
baby, grab the keys and your coat
when you’re around me it’s lost

she tell me settle dawn
who does it all mean?
anything you want, baby, give it all to me
I can be your baby tonight
you can be my lady alright
we can drive up
maybe end up in the hills
I do a lot of things
I can be your baby tonight
you can be my lady alright
these nights /2x
they control me
you control me

said: who’s gonna do it like me
ssaid: Who’s gonna love you like me
