Eden Golan, Dancing Forever (Izrael - piosenka n

My mind hiding
I don’t know what’s right
Take me to the right road
There’s no more time and I can’t go wrong
Breath in
I know that i’m strong
I brake all the chains
I’m on the edge now
Watch me fly away

Oh dance like an angel
Oh you will remember
That I will dance forever
I will dance again
Oh dance like an angel

Drowning in the sunrise
My heart is so cold, but my soul is on fire Someone is calling from paradise

The hope doesn't stop, it just spreads its wings
It is like a million stars that suddenly light up in the sky
Heart on fire I’m a fighter
Don’t stop the music
Turn it up louder

I spread out me wings
Flying through the sky hear violins
Angels don’t cry
They only sing
Still feel the ground
Beneath my feet
