Sarah Jeffery, Queen of Mean

i am so tired of pretending
where
s my happy ending?
I followed all the rules
I drew inside the lines
I never asked fro anything that wasn’t mine
I waited patiently for my time
but when it finnaly came
he called her name
and now I feel this overwhelming pain
I mean, it’s in my veins
I mean it’s in my brain
my thoughts are running in a circle like a toy train
I am kinda like a perfect picture whit a broken frame
I know exactly who to blame
