

Charli XCX, don't think twice

Only think I know
you never gonna leave me
One day I know
I not gonna be there

...
To take it easy

Upon these things ...
I have to think about my best friends

...
Don't think twice about
I say!

Don't think twice
Don't think twice
Don't Don't
Don't think twice
Don't think about it!
Don't think twice
Don't think twice
Don't Don't
Don't think twice
Don't think about it!
