Sonar Soul, Other Side (feat. Rosalie.)

please don’t stop it
i am got feeling
on and on tonight
on and on tonight

my heart stop beating
and you will hear it
on and on tonight
on and on tonight

you should take my pride
haah
you took me down
to the other side
and you took my pride

I am giving you some closer
I am giving you back
I can give it to you on and on
you think that you’re smart enough for that
but you shroud know
that I just play real fast

I am giving you some closer
I am giving you back
are you give up
what take you so long?
I am giving you some closer
I am giving you back
just come and give it ti my head
