

Cher Lloyd, None Of My Business

Damn I heard that you and her been having problems
She likes to fight I guess you both have that in common
Started at the top but now you at the bottom
But baby this is none of my business

you moved on that a wrong been a while baby so did I
took her home to your mom but
trust me that ain't on my mind

I saw on my feed she looks a little like me
I can't help but see it's not jealousy

damn
I heard that you and her been having problems
she likes to fight I guess you both have that in common
started at the top but now you at the bottom
But baby this is none of my business

damn
I heard that you and her been heaving issues
I wish you the best I hope that she can fix you
you'll be calling me the second that it hits you
But baby this is none of my business

does she care
wear her hair up the way that baby you always liked
when you're alone does she know all the ways to treat your body right

I saw on my feed she looks a little like me
I can't help but see it's not jealousy

damn
I heard that you and her been having problems
she likes to fight I guess you both have that in common
started at the top but now you at the bottom
But baby this is none of my business

damn
I heard that you and her been heaving issues
I wish you the best I hope that she can fix you
you'll be calling me the second that it hits you
But baby this is none of my business

none of my business
haven't watched your story in 4 days
least not today
cause it's
none of my business
none of my business

damn
I heard that you and her been having problems
she likes to fight I guess you both have that in common
started at the top but now you at the bottom
But baby this is none of my business

damn
I heard that you and her been heaving issues
I wish you the best I hope that she can fix you
you'll be calling me the second that it hits you
But baby this is none of my business
