

Chloe x Halle, Forgive Me live

Moving to ofast
Now you're caught in the middle
Try so hard to keep up
Now you single
Betting you regret what you did
Just a little

Baby what you think this is
Why uou wanna plead the fifth
You ain't gotta tell me what it is
Cause i saw the messages
You must got me fucked /2x
I think i had enough

So forgive me forgive me
I've been goinf too hard in your city
So forgive me cause i am not teary
Best believe ii move onto better things
you lie /2x
gime me back all my time
so forgive me
no not really
Best believe ii move onto better things

I've been sittinf here watching you go insane
I've been sitting here watching is fade away
Baby don't you see
What you done threw away
Know it's hitting you
On the loop
On replay
