

Chris Malinchak, Tell Me (feat. Damon Scott)

People are
Different faces
Like the stars
Didn't make them
We can frame them
Where we go
People watch us
Wanna follow
Nothing said
Do you know who they are?

Time has come
Can you see that?
Bells are ringing
From above
You can hear tha
Angels singing
What we know?
[?]
GO my father to the end
Do you know who they are?

Why don't you tell me who you are?
Why so many secrets?
Whe you hide?
