hide it till we feel it
then we feel it
till we fight it
hold it till we need it
never leave it
don't want it

new York worldwide
L.A. worldwide
borders my city
girl
that's my home
just pulled up to the hotel
hotel, hotel
all my day ones here with me
ah, yeah!

we got moola
power
we on fire tonight
gonna et it how we want it
cause we about it
about that life

baby, it's alright
baby, it's alright
baby, it's ok.
baby, it's ok,
spark round later
don't worry about tomorrow
I be with my ladies you can find me there
try to play us
we gon' start a riot up in here

accelerate, c'mon babe
pick up your speed
stamina, fill me up
that's what I need

another shot
you comin' home with me
fuck all these drugs
fuck all these clubs
what's wrong with me?

all my boss ladies
look at your Mercedes
no matter long as you get there
just don't let it drive you crazy
we got moola
power
we on fire tonight
you can get it ho you want it
that's it, go tonight!

baby, it's alright
baby, it's alright
baby, it's ok.
baby, it's ok,
spark round later
don't worry about tomorrow
I be with my ladies you can find me there
try to play us
we gon' start a riot up in here

accelerate, c'mon babe
pick up your speed
stamina, fill me up
that's what I need

another shot
you comin' home with me
fuck all these drugs
fuck all these clubs
what's wrong with me?

right, left, mic left

Crash it like je NASDAQ
More than you can expect
Everything except jealousy and envy
we gon' move on past that joint strong
pass that
oh girl, bad, bad
where the, where the cash at?
don't forget the hashtag
pretty, pretty so saditty
work it out
muscle memory
get the money, my ability
until the ebd, 2000, infinity
I put it in
no that you're feelin me
look how I;m illin' it
leaving there to chill
you ain;t got internet
just left the Benedict
I got them benefit
did it deliberate
killed you to prove I;m innocent

hide it till we feel it
then we feel it
till we fight it
hold it till we need it
never leave it
didn't want it
fuck all these drugs
fuck all these clubs
what's wrong with me?

accelerate, c'mon babe
pick up your speed
stamina, fill me up
that's what I need

another shot
you comin' home with me
fuck all these drugs
fuck all these clubs
what's wrong with me?
