Fifth Harmony, Write On Me

[Verse 1] [Normani]
Pick up the pen, put it on the paper
Write on my skin, bring me to life
Can't start again, there ain't no eraser
All of my flaws, you got them so right

[Pre-Chorus 1] [Camila]
Everything is blank until you draw me
Touching on my body like you know me

[Chorus] [Lauren + all of them]
Write on me
Color outside the lines
Love the way you tat me up
Baby take your time
Write on me
Give me some wings, I'll fly
Love the way you tat me up
I'll never change my mind
Write on me, write on me
Write on me, write on me
(Write on me)
Write on me (write on me)
Write on me
Love the way you tat me up
Write on me

[Verse 2] [Ally]
You were my friend, straight and no chaser
Burns going down but it keeps me alive
Tell me the truth, I like the danger
Cause in the end you will be mine

[Pre-Chorus 2] [Camila]
Everything is gray until you draw me
Touching on my body like you know me

[Chorus] [Lauren + all of them]
Write on me
Color outside the lines
Love the way you tat me up
Baby take your time
Write on me
Give me some wings, I'll fly
Love the way you tat me up
I'll never change my mind
Write on me, write on me
Write on me, write on me
(Write on me)
Write on me (write on me)
Write on me
Love the way you tat me up
Write on me

[Bridge] [Camila]
I could see a city sleep
I could see an ocean wave
Everything is changing and it's written on my face
I could see a city sleep
I could see an ocean wave
Everything is changing and it's written on my face

[Chorus] [Lauren +all of them]
Write on me

Color outside the lines
Love the way you tat me up
Baby take your time
Write on me
Give me some wings, I'll fly
Love the way you tat me up
I'll never change my mind
Write on me, write on me
Write on me, write on me
(Write on me)
Write on me (write on me)
Write on me
(Won't you write on me yeah)
Love the way you tat me up
Write on me

[Outro] [all of them]
Write on me
Write on me
Write on me
