FINNEAS, Shelter

there’s no one else
could ever hold me like you do
there’s nowhere else
that I’d rather be than whit you
they call us lucky
but I think we might be cursed
cause the way you love me
I could drink the river dry and still die of thirst

give me
give me shelter
for the storm
give me
give me shelter
keep me warm
come kiss me by the delta
where the river’s torn
but I’ll be whole
as long as I’m yours
yours

ther’s now ay out
the city sinks into the sea
but if we go down
at least ‘m in good complay
they call us hasty
and I think they might be right
but I know that I’d be crazy
not to wanna be the one to keep you up all night

give me
give me shelter
for the storm
give me
give me shelter
keep me warm
come kiss me by the delta
where the river’s torn
but I’ll be whole
as long as I’m yours
yours

I don’t wanna I don’t wanna
I don’t wanna
I don’t wanna
think about a life without you
I don’t wanna I don’t wanna
I don’t wanna
I don’t wanna
go to war, but I am about to

give me
give me shelter
for the storm
give me
give me shelter
keep me warm
come kiss me by the delta
where the river’s torn
but I’ll be whole
as long as I’m yours
yours
