Francis and the Lights, Friends (ft. Bon Iver and K

Could be looking at you
From a freeway trailer
If you'd handled what I'd taken
Separate loans, separate codes
No fine line
Don't have to be dead right
Coz dead right can go wrong

We could be friends /2x
Put your head on my shoulders

I'm Francis
Still dreaming of a glory
Of something new
Why I can't remember what it's like?
To never wanna let go
It's all good though

We could be friends /2x
Just put your head on my shoulders
And I will feel and cry for you
Don't wanna know if you made mistakes
I'm still waiting on your sunshine

I guess you gotta chase that ghost
Heard you bought some land in Mexico
And I said: "Way to go, man!"
Cause wherever you may roam
Remember who you know
There's a station playing rock and roll
So stay tuned in, stay tuned in

I will turn around for you
And I will call you friend
Just put your hand on my shoulder
We could be friends, for you /2x
/2x

We're still waiting on your sunshine
