

# CL, Siren

There's no easy way to say it  
There's no perfect way to play it  
Just wanna see you face to face  
Give me time and place  
You know that I'm keep trying  
But it's never the right time  
Can't you see the red light  
My heart's on the front line

Take it from me  
When the siren goes off  
That's when the lies will stop  
When the siren goes off  
I know you're ready to love  
Don't you dare walk away from me  
I know you got something to say to me

We were beautiful  
We had the world  
That's right  
Remember the day  
We had and that night  
Who's gonna love you like that?  
Who's gonna love you like that?

(zwr. 2)

Take it from me  
When the siren goes off  
That's when the lies will stop  
When the siren goes off  
I know you're ready to love  
Don't you dare walk away from me  
I know you got something to say to me

We were beautiful  
We had the world  
That's right  
Remember the day  
We had and that night  
Who's gonna love you like that?  
Who's gonna love you like that?
