

Coldplay & Big Sean, Miracles (Someone Special)

My father said: never give up, son
Just look how good Cassius become
Muhammad, mahatma and nelson
Not scared to be strong

Now you could run
And just say they're right
No, I'll never be no one
In my whole life
Or you could turn and say no wait they're wrong
And get to keep on dancing all life long

My father said: never give up, son
Just look what Amelia and Joan done
Oh Rosa, Teresa their war won
Not scared to be strong

Now you could run
And just say they're right
No, I'll never be no one
In my whole life
Or you could turn and say no wait they're wrong
And get to keep on dancing all life long

Yeah, you could be
Someone special
You got bright in your brains
And lightening in your veins
You'll go higher
Than they've ever gone
In you I see
Someone special
You've got fire in your eyes
And when you realize
You'll go further than we've gone
Just turn it on

[Big Sean:]
