I love love
I am just bad at it
I just can’t escape all of these bad habits
I had way to omany one nights
I keep messin’ up my love life

I just can’t escape all of these bad habits
I had way to omany one nights

Every time i think thayt i found the one
I trurn waround and then another one come
On God, i be tryin’ baby

And you should know the truth

Then i get another text from my ex
On Gog, it’s like clockwork

I just can’t escape all of these bad habits
I had way to omany one nights
I keep messin’ up my love life

I just can’t escape all of these bad habits
I had way to omany one nights
