cause I done had one roo many drinks
and I know that you feel me the way
been feelin’ you
and it’s cool
that you
you got me a motive
and I think I like it
I know all your insecurities
I hope that you’re open
my body gives notice
that I qwant yout energy

good lovin’
no questions
reach out, and you’ll touch me
bad habits, don’t judge me
just don’t judge me
just don’t waste my time

good lovin’
no questions
reach out, and you’ll touch me
bad habits, don’t judge me
just don’t judge me
just don’t waste my time

late night

what a date night?
better play right
don’t be timid when you in it
better lay right
I know you wanna go there

I know you can drive it, chauffer
