

Dami Im, Sound Of Silence

Growing tired and weary, brown eyes
Trying to feel your love through Facetime
Symphonies of dreams and highlights,
Caught up in this crazy fast life
But baby, you're not here with me

And I keep calling, calling
Keep calling, call

Now my heart awakes to the sound of silence
And it beats to the sound of silence,
And it beats to the sound of silence.
Now my heart awakes to the sound of silence
And it beats to the sound of silence,
And it beats to the sound of silence.

Getting hard to break through the madness,
You're not here, it never makes sense
Tide the wave of tears are crashing,
No one hear to save me drowning,
Cause baby, you're not here with me

And I keep calling, calling
Keep calling, call

Now my heart awakes to the sound of silence
And it beats to the sound of silence,
And it beats to the sound of silence.
Now my heart awakes to the sound of silence
And it beats to the sound of silence,
And it beats to the sound of silence

I know I'm stronger and I'm capable,
I know it's all in my head, but I keep calling, calling
Calling, calling
Home

Now my heart awakes to the sound of silence
And it beats to the sound of silence, silence
And it beats to the sound of silence.
Now my heart awakes to the sound of silence
And it beats to the sound of silence,
And it beats to the sound of silence.
