G-Eazy, Still Be Friends (ft. Tory Lanez, Tyga)

i know you don’t do one night stands
so I am the closest thing
now can we fuck and still be friends, though?

and if you ever fucking a friend
(I am just sayin)
I’d be the closest thing
(haha, I, I’d be the closest thing)
so can we fuck and still be friends, though?

you know
biytch, you can’t be my girlfriend
I got a girl
and my girl got a girl too
saw her face, crib
it’s my world too, uh
(it’s my world too, uh)

my pillow recognize her perfume
tell your man, Relax,
you’ll make it home by curfew
time for cologne
I look like I am on
playboy mansion:
Honey, I am home!
(I am home!)

backdoor open
fuck it I ma home
king of the bay
getting dome on my throne
dime and in the rough, uncut gyms

she not my girlfriend though we just friends
(just friends)
somehow I fit six, all in one Benz
(One Benz)
all of us fuck buddies all fuck friends

Lookin’ like a snack
she’ll devour me
your boyfriend’s whole salary’s my hourly
throwin’ bands in Miami
it’s showerin’
(it’s showerin’)
Bad boy, I am the white Mike Lowry

i know you don’t do one night stands
so I am the closest thing
now can we fuck and still be friends, though?
and if you ever fucking a friend
(I am just sayin)

now can we fuck and still be friends, though?
and if you ever fucking a friend
