X Ambassadors, Okay

I know I pissed you off
Made you cry, made you cross
But I can't lie
We're both grown-ups now
I know it's not fair, but sometimes
These nightmares come to life
My darling, I'm so sorry

I wish that i could say
I know ut’s gonna be ok
It’s gonna by ok
But make no mistake
Whatever may come
We rise up as 2
And go down os 1
Ans hey, i’ll pray
It’s gonna be ok

You hide it so well now
You smile in big crowds
But in private
You break down and cry
Wish i could duck-tape and fix it
Your heartache’s my weakness
My heart breaks the truth is

I wish that i could say
I know ut’s gonna be ok
It’s gonna by ok
But make no mistake
Whatever may come
We rise up as 2
And go down os 1
Ans hey, i’ll pray
It’s gonna be ok
