Galantis, Hunter

I am the hunter
I’m the great unknown
Only my love can conquer
I am the hunter
Into the wild we go
Give up your heart, surrender
Cuz I;m, I;m the hunter

We’ve been on this road
To a place that one day, we’ll know
Adventure to the other side
Searching high and low for the treasure deep on my soul
The fortune teller’s always right

Got the red eyes in the night
Like a panter
Outta sight
Gonna sing my battle cry
Cuz I’m, I;m, I;m

I am the hunter
I’m the great unknown
Only my love can conquer
I am the hunter
Into the wild we go
Give up your heart, surrender
Cuz I;m, I;m the hunter

Strangers wild and free
Through the flames
You’re all that I see
The force, that you cannot deny
Dancing I am the, I am, I’am the

Got the red eyes in the night
Like a panter
Outta sight
Gonna sing my battle cry
Cuz I’m, I;m, I;m

I am the hunter
I’m the great unknown
Only my love can conquer
I am the hunter
Into the wild we go
Give up your heart, surrender
Cuz I;m, I;m the hunter
