Zayn Malik, Satisfaction

nobody said this would be easy
nobody said this would be hard
nobody gave me a rulebook to follow
and my soul’s not hollow
you see, we gotta find our place
and we will go there now
I can’t get no satisfaction alone

cause I can’t
you can’t
we can’t get no Satisfaction

all in my zone, all in my space
life is always in the way
all in my zone, all in my space
life is always in the way

nobody said that you would leave me
nobody says that in the start
somebody told me about tomorrow
and my soul’s not hollow
you see, we gotta find our place
and we will go there now
I can’t get no satisfaction alone

cause I can’t
you can’t
we can’t get no Satisfaction

all in my zone, all in my space
life is always in the way
all in my zone, all in my space
life is always in the way

as you try your best to pull away
something surges
urges you to stay
cause I can’t
you can’t
we can’t get no Satisfaction
cause I can’t
you can’t
we can’t get no

all in my zone, all in my space
life is always in the way
all in my zone, all in my space
life is always in the way

we gotta find our place
and we will go there now
I can’t get no satisfaction alone
I can’t get no satisfaction all alone
