Galantis & Yellow Claw, We Can Get High

I can see
baby you're just like me
keep falling free
running round chasing dreams

stuck on the ground
lost never found
gotta get yout this place
baby, if you dare come up for air
we could just fly away

we can get high /2x
touching the sky
never gonna come back down
we can run ild
shooting stars now
faster then sound
build a kingdom in the clouds
we can get high /2x
up in the sky
we can get high

we make when it's time for us to fly again
we've just begun reaching up to touch the sun

stuck on the ground
lost never found
gotta get yout this place
baby, if you dare come up for air
we could just fly away

we can get high /2x
touching the sky
never gonna come back down
we can run ild
shooting stars now
faster then sound
build a kingdom in the clouds
we can get high /2x
up in the sky
we can get high
