

# Daria Barszczyk, Freedom in you

Ray of sunlight is  
right on my face  
even of the cloudiest days  
and I know  
I know, I know  
that's why I'm always here  
to dreaming, blooming, smiling

Freshening through the day

freedom's in your mind  
you always have a choice  
don't be afraid  
don't run  
embrace it and fly  
reach the sky

life is unlike blank  
slate anymore  
crumpled  
full of mistakes  
and wounds  
and tell me  
tell me, tell me  
what's the point of this  
once there now gone  
take them by both hands

freedom's in your mind  
you always have a choice  
don't be afraid  
don't run  
embrace it and fly  
reach the sky
