Tell me what you need
Show me what you want mama
I had you why you leave
So call me when you home mama
And tell me how you feel
Tell me why you gone I know
You finna come and chill
I'm all yours and I'll stay
Got you feeling chills

What's good lil mama
Ain't seen you in a minute
How you doing where you going
I'm just tryna chill lil mama
So what you tryna do round here
Get close freak in the sheets
Make her call me boss
Kiss up on her neck
Eat that pussy clean
Make her want my trust
Yeah yeah yeah

So baby come an make some love
I know you tryna be all bad with me
So baby let me be that tugg
To tie your hair when you on your knees
I can't lie your the only One
The only one thats all for me
Love you but the only one

So call me when you home mama
And tell me how you feel
Tell me why you gone I know
You finna come and chill

Got you feeling chills

Dès le départ je m'en doutais
Que tu me mener en bateau
Ravales tes belles paroles
T'es mensonges prennent la porte
Crois moi que c'est ton heure
L'heure des regrets
Crois moi que c'est ton heure

So call me when you home mama
And tell me how you feel
Tell me why you gone I know
You finna come and chill

Tell me what you need
Show me what you want mama
I had you why you leave

So call me when you home mama
