George Maple, Kryptonite

I’m outta MY MIND
You’re under my skin
Baby, I like it
I’m in too deep
Forgot to swim
Baby, I like it

And I know you notice it
It’s just sexuality
Why are we fighting, baby?
I think I’m your kryptonite
Baby, your only vice
Let me inside
You don’t have to hide here

Cuz I’m on my way
Why don’t you just come my way?
Losing all my self-control
Let my body hear your song
Cuz I’m on my way
Well just come my way
Touch me like I know you can
You don’t have understand

I’m out of my soul
With nothing to hold
Can you hear me>?
I jus need a partner to finish what I started
Can you help me?

And I know you notice it
It’s just sexuality
Why are we fighting, baby?
I think I’m your kryptonite
Baby, your only vice
Let me inside
You don’t have to hide here

Cuz I’m on my way
Why don’t you just come my way?
Losing all my self-control
Let my body hear your song
Cuz I’m on my way
Well just come my way
Touch me like I know you can
You don’t have understand

I know you can /6x

Coz I;m on my way
Don’t you like it?
/3x
I;m on my way
What you waiting for?

Cuz I’m on my way
Why don’t you just come my way?
Losing all my self-control
Let my body hear your song
Cuz I’m on my way
Well just come my way
Touch me like I know you can
You don’t have understand
