A piece from the East, from the norm  
But she off of the chain  
So she cover all globally  
Never be touched  
So, I'm holding  
Bullets found a target  
The gun know me  
The past life bags from my memoery  
A fan of a large and I'm member see  
I give it to her like a fol  
Sucker for love  
I;m that dude  
When sh is on the wood  
She gives good oral  
When I'm not with her  
I get withdrew  
Lord, I'm half a man without a one to call  
She claimed a ... man  
She is a wonder doll  
She keeps me floores  
Pack an iron snake on thirty rims  
She like tha snake in her ...  
I'm addicted by design, a fiend  
Is she ever try to cut me from her team

Don't turn your back  
When she's on the track  
Watch out from that TrainWreck  
Coz when she come  
You better watch your back  
Watch out she's a TrainWreck

She had me at star-bucks  
Sipping frappucino  
I wanna grind on that coffee bean  
A couple cups of that joe is a pep back  
She will be swinging on chandeliers  
Baby got that skin  
I can handle years  
And I won't mind if she fucks asleep  
Her mouth game is like rap-a-lot  
Her FB says that she aims at this rap a lot  
Online surfing for them beach boys  
To bring the sand under her feet boys  
She my rock bottom like last offer  
Even through she a bomb scare  
I'm standing right here

Don't turn your back  
When she's on the track  
Watch out from that TrainWreck  
Coz when she come  
You better watch your back
