# Harry Styles, Lights Up

what do you mean?
I’m sorry by the way
I’m never coming back down
can’t you see
I could but wouldn’t stay
I wouldn’t pit it like that

what do you mean
I’m sorry by the way
I’m never coming around
it’d be so sweet if things just stayed the same
la da da da dah

all the lights couldn’t put out the dark
running through my heart
lights uo and they know who you are
know you you are
do you know who you are?

shine
step into the light
it’s so bright sometimes
I am not ever going back

shine
step into the light
it’s so bright sometimes
I am not ever going back

shine
step into the light
it’s so bright sometimes
I am not ever

what do you mean?
I’m sorry by the way
I’m never going back down
it’s be so sweet if things just stayed the same
la da da da dah

all the lights couldn’t put out the dark
running through my heart
lights up and they know who you are
know who you are
do you know who you are?
