IDLES, Gift Horse

Sinew exploding from chrome hooves
Where we're going? We don't need glue
Can he run in a tutu?
He looks a little long in the old tooth

Watch-watch my-my steed-steed go-go far-far
Watch-watch my-my steed-steed go-go far-far
Watch-watch my-my steed-steed go-go far-far
Watch my steed go far!

(Go!)
Look at him go!
Look at him go!
Look at him go!
(Look at him go!)
Look at him go!
Look at him go!
Look at him go!

My steed sees how dreams are made
He's my dream like I just got paid
No joy ride fee, it's free today
We don't care what the people say
'Cause he moves like a generator
He puts the foor down and see you later
Somebody call up the undertaker
Handing out passes to meet your maker

See-see my-my steed-steed go-go far-far
See-see my-my steed-steed go-go far-far
See-see my-my steed-steed go-go far-far
See my steed go far!

(Go!)
Look at him go!
Look at him go!
Look at him go!
(Look at him go!)
Look at him go!
Look at him go!
Look at him go!

My baby, she, she's so raw
I give her love, and she gives me more
Ask us to kneel and bow to the floor
She say "No" and she ask "What for?"
My baby, she, she's so strong
She talk me straight when I'm doing wrong
Ask us to sing your empire songs
She laughs, tells you where I'm from
My baby, she, she's so great
I wake up grateful every day
My baby is beautiful
All is love and love is all
Fuck the king!
He ain't the king, she's the king!

(Go!)
Look at him go!
Look at him go!
Look at him go!
(Look at him go!)
Look at him go!
Look at him go!

Look at him go!
