# Ill Addicts, Coke ft. Danalice

Intro]
Uhhhhh
Uhhhhh
I see what you don't see
I see what you don't see
I see, I see, I

[Verse 1: ProSwervez]
I see you walking over there
I wanna know what brings you over here
Strange fumes lurking in the air
I hope the psilocybin doesn't scare you
Come closer, I been eyeing you from way over
So it's time I come for some closure
Maybe we could make moves ahora
She said she from out of town
And she don't usually bring guys around
Curls in her and her eyes are brown
Let's get em dilated 'fore the night is down
Ecstasy I got ecstasy
I just want you right next to me
She just want to sniff Stephanie
This right here is telepathy

[Chorus]
I got some coke in my coat
Some coke in my coke
Got some coke in my coat
We could do it tonight
I got some coke in my coat
Some coke in my coke
Got some coke in my coat
We could do it tonight
Tonight
Tonight
Tonight
Tonight
Tonight
Tonight
Tonight

[Verse 2: ProSwervez & Danalice]
I heard they put cocaine in coke
From the back of the room I heard (Damn that's dope)
Took a lil sip and then I spoke
Too much stimulant is no joke
Hope I don't choke, no need to rush
Bedroom smells of eucalyptus
Had to let her know that you could lick thus
Shake it up, it's gonna probably gon' bust

Call me Dana, call me crazy
Snortin' shit and now I'm faded
Pop a pill to mediate it
Just blaze it, I'ma face it
Got to go but I'm way fucked up
I forgot my stuff up inside the club
What a world in the world of drugs
Nigga what the fuck

[Chorus]
I got some coke in my coat
Some coke in my coke
Got some coke in my coat

We could do it tonight
I got some coke in my coat
Some coke in my coke
Got some coke in my coat
We could do it tonight
Tonight
Tonight
Tonight
Tonight
Tonight
Tonight
Tonight

[Outro: Danalice]
Tonight
Tonight
Tonight
Tonight
Tonight
Tonight

[Part II]

[Intro]
Ohhhhh yea

[Verse 1]
I got some coke
In my life, In my life
I got some coke
In my life, In my life
Why, tell me why
Why am I not satisfied
Every time I cross that line
I feel it, I feel it
Why, tell me why
Can't you come my way tonight
Don't forget to bring that white
I need it, I need it

[Outro]
Yea
