Disco Ensemble, Black Euro

We need a screaming headline
We need a hook for the storyline, Honey
I never thought it could go so wrong
But I was young and I needed the money

I didn't recognize you with your clothes on Honey, put your clothes on 1,2,3,4,

Can you hear the seductive sirens?
Oo-oo-oo-oo-oo-oo
Can you hear the atonal anthem?
Oo-oo-oo-oo-oo
Turn up your radio
Hear the call of black euro
Can you hear the atonal anthem?
Oo-oo-oo-oo-oo-oo

They're sketching a monster In the back of the limousine Another cross for us to bear Light it up with kerosene

I didn't recognize you with your mask off Oh, take your mask off 1,2,3,4,

Oh holy labour, hold me close You give me everything I'm on my knees every time I hear your voice You give me everything Everything
