INNA x Farina, Read My Lips

Baby, I don't hear what you sayin'
Bass a little loud
Culo shaking
We could make our own sign language
You know
You ain’t messing whit no basic

We go ohohoh
Make me wanna
Oh-oh-oh-oh
And if i am throwing you a look
I am hoping it’s a little motivation

Read my lips
No we don’t need to do much talking
Let your eyes go
You go ‘n kiss
Can you tell what i am thinking?
If you wanna know baby, read my lips!
No we don’t need to do much talking
Let your eyes go
You go ‘n kiss
Can you tell what i am thinking?
If you wanna know baby, read my lips!
