

Dizzee Rascal, Hype (ft.Calvin Harris)

It's all for a rasta!
Real deal, you can see it in my posture
I feel like Leo with Oscar
The price just changed, no sour, it'll cost ya!
And I;m not an imposer
My style don't borrow or foster
My enemies will not prosper
Seems like every time they take a shot they hit the crossbar
And I move like Neymar
Them boys ain;t even on my radar
I do my own stunts, no savior
That's why I gotta stunt so major
They say I go mad for the paper
I think I need a shrink and a tailor
Nut I do not think about failure
I'm a star, I should get my own trailer

Hype!
Every time I;m ariound there's a hype!
Touchdown and the crowd get's hyped
Straight gassed, got the whole place hype
I'm a bad boy and I do what I like
Every time I;m ariound there's a hype!
Touchdown and the crowd get's hyped
Straight gassed, got the whole place hype
/2x

Straight gassed, got the whole place hype /2x

I'm so legit
I do not slip
I just stick to the script
Fully equipped, there is no stopping me
I do not goit, I do not ci
Ready for an action
I've gotta by physically fit
Somehow I still ger a kick
