Never seen or fell your hesitating
I’ll be there
Where you wake up, darling

I’m Talking to You

God knows just how you’re feeling
What a shot this is your moment
I’ll be there when you wake p, darling

I’m Talking to You /4x

Just as it is
The pressure is build below
I guess then you wish and then give It up
I’ll be there when you wake up, darling

I’m Talking to You

Sometime they don’t know the answer
Se says nothing
The can give you help
I’ll be there when you wake up darling

I’m Talking to You /4x

It’s like a needle right through the chest
And the pain just to forget
