Beauty's an understatement, THC concentrated
Can't see without cameras until I get to them numbers baby
Where the fuck is the Kodak?
Pull up in something flagrant and foreign, say "Hello Borat"
Very nice, DMV that for life
See me, see hood and CB, this easy as apple pie, that's right
Make shit from most right, lame niggas goodbye
This Black Pyramid, I need a Cleopatra tonight
Then it's face down, ass up
She insist on missionary cause I'm hands up
Then it's ass down, hers up
I'm scratched up you acting like this your first night

Dimming all the lights, get that pussy, then it's curtains bitch
Put her on a flight, private jet, yeah she earned it
