James Arthur, At My Weakest

it’s a long night
and a big crowd
this lights look around for you

I step out side
in the moonlight
…
for you

could it be your eyes
didn’t know the
I’ve been waiting for
And waiting for
when you’re on my side
everything’s alright
crazy, I am crazy for you

here I go
down the road
again, and again
…
here I go
when I feel
some kind of way
you feel the same

…
at my weakness
I fall, I fall for you
..
at my weakness

it’s a long night
and a big crowd
this lights look around for you
for you
And waiting for
when you’re on my side
everything’s alright
crazy, I am crazy for you
