

# Don Diablo, Brave (with Jessie J)

i wanna /2x  
tell the world about it  
give a little /2x  
something more of me  
show everyone that ever doubted  
I gotta whole lotta fire left in me

I wasn't /2x  
ready to be honest  
I know and I know I owe to myself  
so, from the day I made a promise  
I get it up /2x  
ever time I fell

I'm brave /2x  
even when the fear is staring in my face  
I'm brave /5x

i wanna /2x  
tell the world about it  
I'm gonna /2x  
put it up in lights  
tell everybody where my hear is  
see i won't, I won't go down without fight

I'm brave /2x  
even when the fear is staring in my face  
I'm brave /5x

don't matter where I belong  
but whose to say that I'm wrong  
I will stand here all the same  
something's might get in my way  
but I know I'll be ok  
I will stand here all the same

I'm brave /2x  
even when the fear is staring in my face  
I'm brave /5x
