James Arthur, You Deserve Better

I know babe
all I do is make you cry
like uu oh, uuu oh
I know I do this every time
like uu oh, uuu oh
I know that I just got to say
what's on my mind

You deserve better
better
better than me
might be what you want
but I'm not what you need
you'd better, better
than you even realized
better
better than me
might be what you want
but I'm not what you need
you'd better off without me, yeah you are!

and I hope you'll love somebody else
and I hope you'll find somebody else
…
You deserve better
better, better

give up of me coz baby I'm hopeless
the …
I got the love I've never show you
but it's too late
when you with some other guy

like uu oh, uuu oh
I know I do this every time
like uu oh, uuu oh
I know that I just got to say
what's on my mind

You deserve better
better
better than me
might be what you want
but I'm not what you need
you'd better, better
than you even realized
better
better than me
might be what you want
but I'm not what you need
you'd better off without me, yeah you are!

and I hope you'll love somebody else
and I hope you'll find somebody else
…
You deserve better
better, better
